

MULTICOLOR MULTI-MATERIAL SERIES

多色多物料系列

模力35-600T
可供选择机型
立式锁模，立式射出转盘2站或3站式，可双色或双材料一体成型。

Clamping force 35-600T
Possible option type,
vertical clamping, vertical injection, rotary 2 position or 3 position, can
inject double color or dual-material.

单一锁模搭配一卧一立射出系统，可射出双色或双材料产品一体成型。

Single mold-locked match one horizontal one vertical injection system,
can inject double color or dual-material.

二锁模三射出滑板型鞋底专用机，可组合成为两台独立大底，色片，双材料或三色三材料射出机，满足鞋底制作全部功能。

Two up-mold and three injection system sliding plate special model for
shoes outsole can be combine two independent large shoes outsole, color
piece, dual-material or three color three material injection machine, to
satisfy the whole function of making shoes outsole.

两立一卧射出系统，多元化成型选择，可独立使用，顺序射出或同时射出。

Two vertical one horizontal injection system,
diversification molding choice, can use independently. Inject in order or
inject at the same time.

双组独立锁模系统，活动模板分离，不同模厚亦可成型，可分2站式或3站式。

Two independent clamping system. movable mold plate separated,
different mold thickness also can molding, divided into 2 position or 3
position.
