

专用机系列

爱科专用机系列是专为特定行业塑料产品设计的机型。它具有高效率、可靠性强、应用范围专一、节能环保等特点。采用先进技术，集成了机械、电气、液压系统和智能控制系统，可以满足特殊塑料产品的生产要求。

AKPLAS special models series are models specially designed for plastic products in specific industries. It has the characteristics of high efficiency, strong reliability, specific application range, energy saving and environmental protection. Using advanced technology, integrating mechanical, electrical, hydraulic systems and intelligent control systems, it can meet the production requirements of special plastic products.

爱科专用机系列可以实现高精度的塑料产品制造，其机械结构特殊，有效保证了产品的质量，节省了大量的人工和成本，大大提高了生产效率。满足客户的不同需求，提升客户在本行业内的企业竞争力，持续为客户创造价值！

AKPLAS special models series can realize high-precision plastic product manufacturing. Its special mechanical structure effectively guarantees the quality of the product, saves a lot of labor and cost, and greatly improves the production efficiency. Meet the different needs of customers, enhance the competitiveness of customers in the industry, and continue to create value for customers!

AT-DSL.2C Series
 锁模力 160-850T
 Clamping Force
 射出量 800-1500g
 Shot Weight

AG-001 造粒机
 Repelletizer

AC-T 350S
 锁模力 35T
 Clamping Force
 射出量 15-65g
 Shot Weight

AC-T Series
 锁模力 10-150T
 Clamping Force
 射出量 10-300g
 Shot Weight

AT-250
 锁模力 25T
 Clamping Force
 射出量 1-5g
 Shot Weight

AT-250V
 锁模力 25T
 Clamping Force
 射出量 1-10g
 Shot Weight

AC-T S Series
 锁模力 10-150T
 Clamping Force
 射出量 10-300g
 Shot Weight

专用机系列

AC-T DS Series
 锁模力 70-250T
 Clamping Force
 射出量 35-1500g
 Shot Weight

AK-700.S.BMC
 锁模力 70T
 Clamping Force
 射出量 35-300g
 Shot Weight

AK-DS Series
 锁模力 40-250T
 Clamping Force
 射出量 35-1500g
 Shot Weight

环氧树脂专用机
 锁模力 40-250T
 Clamping Force
 射出量 35-1500g
 Shot Weight

氟塑料(PFA)专用机
 锁模力 120-250T
 Clamping Force
 射出量 200-5000g
 Shot Weight

静音空调电机专用机
 锁模力 180T
 Clamping Force
 射出量 200-400g
 Shot Weight

T型中心转塔双色机系列
 锁模力 100-250T
 Clamping Force
 射出量 35-1500g
 Shot Weight

AK-DS BMC Series
 锁模力 90-250T
 Clamping Force
 射出量 35-1500g
 Shot Weight
